Familia Geisse, Cave Amadeu Brut

Closure:	Cork
Organic:	No
Biodynamic:	No
Vegetarian:	Yes
Vegan:	Yes

Vineyard

Features of the region's unique terroir include soils of volcanic basalt that offer natural irrigation in the vineyards. Average rainfall is 1,400mm and average altitude of vineyards is 800m. Yields are limited to 12 tonnes per hectare, with strict control rules for traditional method production in the winery.

Viticulture

Geisse are pioneers of Thermal Pest Control (TPC), a method of 'blow-drying' vines which helps to prevent use of pesticides. A family-run business that operates with strong ethical principles, where entire families are employed, live on-site, and receive free accommodation.

Winemaking

Traditional Method.
Minimum 12 months lees ageing, may be as much as 15 or 16 months
Dry, but not excessively so: residual sugar: 8.5g/l approx.

Tasting Notes

Clean notes of Granny Smith apple and ripe pear with subtle notes of toasted brioche.
